Numbers of sygla are calculated for an average size person. Larger people will have to pay more for increased number required to cover.

Sygla grants 12 Magical AC to the location covered.

A targeted Dispel Magic will dispel a number of Sygla equal to the level of the dispel on the targeted Location. If a location has some of the sygla dispelled it no longer offers the AC to that location .

Sorcerers and Elementalists can buy Sygla.

Elemental Guardians can opt to gain Sygla as part of their class special abilities.
